

Special Regulations for the Evaluation of Philatelic Literature Exhibits at FIP Exhibitions

Article 1: Competitive Exhibits

In accordance with Article 1.4 of the General Regulations of the FIP for the Evaluation of Competitive Exhibits at FIP Exhibitions (GREV), these Special Regulations have been developed to supplement those principles with regard to the Philatelic Literature. Also refer to Guidelines to Philatelic Literature Regulations.

Article 2: Competitive Exhibits

Philatelic literature includes all printed communications available to collectors related to postage stamps, postal history, and their collecting, and to any of the specialized fields connected therewith.

Article 3: Principles of Exhibit Composition

Philatelic literature will be subdivided as follows:

1) Handbooks and Special Studies

- a) Handbooks
- b) Monographs
- c) Specialised research articles
- d) Bibliographies and similar special works
- e) Exhibition catalogues
- f) Specialised catalogues which besides philatelic issues of one or more countries treat varieties, cancellations or other specialized aspects.
- g) Transcripts of philatelic lectures presented to the public (including radio, television, film and slide show scripts).
- h) Similar special works.

2) General Catalogues

Worldwide, regional and single area catalogues whose depth of coverage does not qualify them as specialized catalogues.

3) Philatelic Periodicals

Philatelic journals and newspapers, society organs, house organs, yearbooks and similar publications.

4) Articles

Articles of a general nature, in philatelic or nonphilatelic publications.

Article 4: Criteria for Evaluating Exhibits

4.1 Literature exhibits will be evaluated according to the following criteria:

- Treatment of contents
- Originality, significance and depth of research
- Technical matters
- Presentation

4.2 The criterion "treatment of contents" requires an evaluation of the literary style, clarity, and skill in communication shown in the exhibit.

4.3 The criterion "originality, significance, and depth of research" requires an evaluation of the overall significance of the subject matter presented in the exhibit, as well as the degree to which the exhibit displays original discoveries, research, analysis or approaches to a comprehensive understanding of the subject matter.

4.4 The criterion "technical matters" requires an evaluation of such aspects as title page and imprint, pagination, credits, bibliography, index, and use of illustrations.

4.5 The criterion "presentation" requires an evaluation of the effect of binding, typography, and similar production factor on the usability of the publication. To avoid the impact of purely commercial aspects, this criterion will only be evaluated to the degree that it represents a negative factor.

Article 5: Judging of Exhibits

5.1 Literature exhibits will be judged by approved specialists in their respective field and in accordance with Section V (Article 31-46) of GREX (ref. GREV. Article 5.1)

5.2 For Literature exhibits, the following relative terms are presented to lead the Jury to a balanced evaluation (ref. GREV. Article 5.2):

Treatment of contents	40
Originality, significance and depth of research	40
Technical matters	15
Presentation	<u>5</u>
Total	100

Article 6: Concluding Provision

6.1 In the event of any discrepancies in the text arising from translation, the English text shall prevail.

6.2 These Special Regulations for the Evaluation of Philatelic Literature Exhibits at FIP Exhibitions have been approved by the 54th FIP Congress on 5th November, 1985 in Rome. They came into force on 5th November, 1985 and apply to those exhibitions which are granted FIP Patronage or Recognition at the 54th FIP Congress and thereafter.

Supplementary Rules for the Philatelic Literature Class in FIP Exhibitions

Rule 1:

These supplementary rules for the admission of Literature Exhibits have been developed under Article 3.3 of the General Regulations of the FIP for Exhibitions (GREX) and will apply to all literature entries in General and Specialised Exhibitions of FIP (GREX Article 2).

Rule 2:

In amplification of Article 17.1 (GREX), entries may be exhibited by the author, compiler, editor, publisher, sponsoring organization or society, or any other individual holding proprietary rights.

Rule 3:

A literature exhibit may be admitted provided the exhibitor, as defined under Rule 2 above, meets the qualification requirement of GREX Article 10.1. Recently published works which have not had the opportunity to be exhibited at a national exhibition may directly participate in a FIP exhibition (GREX Article 10.3).

Rule 4:

A separate application form will be used for entries in the literature class. In addition to the other information needed by the Exhibition Management, this form should also include the publication date, publisher, number of pages, frequency of publication (for periodicals) and means of ordering the publication (address, price).

Rule 5:

Two copies of each literature exhibit shall be provided by the exhibitor: one copy for judging, and the other for a reading room as per Article 6.8 of GREX. Following the exhibition these copies shall be sent by the Exhibition Management to a library designated by the member federation hosting the exhibition, unless the exhibitor specifically asks for the return of these copies.

Rule 6:

The entry fee for a literature exhibit shall be equivalent to the price of one frame in the general competition class of the same exhibition.

Rule 7:

The Exhibition Management shall furnish the judges a list of literature entries at least three months prior to the exhibition.

Rule 8:

Handbooks and special studies must have been published not earlier than 5 years prior to the exhibition year. For all other entries the publication date should be not earlier than 2 years prior to the exhibition year. For multivolume works, the date of publication of each volume shall govern. Revised editions will be considered as new publications. For periodicals, the most recent complete volume or year shall be exhibited. A selection of at least ten different newspaper articles is required for exhibition.

Rule 9:

Medals in the literature class will bear the word "Literature" either abbreviated or in full. Literature entries are also eligible for special awards (Article 8.6 GREX).

Rule 10:

Literature judges must have a reading ability in at least two languages, one of which must be any of the four official FIP languages (Article 29.3 of the Statutes).

Rule 11:

In the event of any discrepancies in the text arising from translation, the English text shall prevail.

Rule 12:

The Supplementary Rules for the Evaluation of Philatelic Literature Class in FIP Exhibitions have been approved by the 54th FIP Congress on 5th November, 1985 in Rome, and replace all previous special regulations for literature. They came into force on 5th November, 1985 and apply to those exhibitions which are granted FIP Patronage or Recognition at the 54th FIP Congress and thereafter.

Note : The cross-references to the Statutes and GREX have been updated to refer to the Statutes and GREX approved by the 69th FIP Congress on October 13th, 2006, at Malaga.

Guidelines for Judging Philatelic Literature

Introduction

These guidelines are intended as a checklist which is detailed enough to be of service for specialized literature exhibitions as well as for general philatelic exhibitions in which literature is only one of several classes.

General Principles

While the majority of the principles in exhibiting philatelic literature is identical to those which apply to other philatelic classes as well, there are certain distinct differences.

In the first place, the significance and importance of a piece of literature cannot be seen from the outside. Literature must be judged by its content, and obviously the judges have to be familiar with that content before the start of the exhibition. While the three to five days available for judging will allow time for review and some reading, it in no way suffices for each judge to read each entry thoroughly.

Second, literature exhibits cannot be taken apart and improved from one show to the next. In many cases, the exhibit represents a lifetime of research and effort which will serve philately for years to come. For this reason, the exhibiting of philatelic literature must be looked at primarily as a means of

encouraging and promoting such literary efforts, and only secondarily as a competition for various levels of awards.

Third, it follows that the public must be able to examine the literature. A glance at a row of books in a locked case gives little information, and is a disservice to the viewer and the exhibitor. It is the content that is of interest, not the covers.

The FIP has developed a comprehensive set of regulations for evaluating philatelic exhibits, incorporating those FIP principles common to all competitive classes. For philatelic literature, these principles are expressed in the Special Regulations for the Evaluation of Philatelic Literature Exhibits at FIP Exhibitions. They are supplemented by provisions which recognize aspects of philatelic literature which are unique to this class, the Supplementary Rules for the Philatelic Literature Class in FIP exhibitions.

The two documents, taken as a whole, constitute the requirements for exhibiting and judging philatelic literature at F.I.P. exhibitions.

Use of the Evaluation System

The use of a point system, together with appropriate "scoring sheets", can be helpful in reaching balanced and rational evaluations. However, it must be emphasized that such a system cannot be applied mechanically; the final point totals also must be looked at in terms of the overall quality of the exhibits.

Points

TREATMENT OF CONTENTS – *Authorship* 40

How well is story identified & told?

- Evaluation of literary style, clarity
- Skill in communication

ORIGINALITY, SIGNIFICANCE, DEPTH OF RESEARCH – *Philatelic Aspects* 40

- Overall significance = global importance to philately
- Degree of original discoveries, research, analysis
- Comprehensive = depth & scope
- Understanding of subject

TECHNICAL MATTERS – *Editorial aspect* 15

How well is work constructed?

- Title page, imprint, pagination, list of contents, use of footnotes
- Acknowledgements, bibliography, index & use of
- Illustrations & tables - captions, consistency in layout & text

PRESENTATION – *Publishing aspect* 5

- Effect of binding, clarity of print, paper quality, page size
- Use of colour in illustrations

To avoid impact of purely commercial aspects, this criterion only to be evaluated to the degree that it represents a negative factor.

Two aspects of the thought process in judging are worth stressing :

First, judges should look first for the positive aspects of the exhibits, rather than merely looking to see "how many points can I take off".

Second, all evaluations have to be made on a comparative basis with respect to what else has been published on that subject, how well similar matters are handled in other publications, even such questions as how significant a given publication may be for one country or language group as compared with others. These comparative factors can all change from one year or one exhibition to another, and it's conceivable that such changes may affect the evaluation of an exhibit.

JUDGING OF CDs

The marking system is the same as for hardcopy literature. However, there are differences.

Technical Matters: At 15% would include such things as ease to load, compatibility with **your** software (even though nominally the same software, some CDs can be difficult or impossible to open depending on the country).

Clarity of images, use of contents page, index etc are all important considerations.

For a CD to gain high marks under this heading, it **must** use the unique features of a CD. For instance, has it got a search capability, one of the key matters for electronic literature.

Treatment of Contents or Authorship 40%, Research 40% and Presentation 5% are the same standards as are used for hard copy books.

Date: 24 June 2012
